2010 With the new update I got to the scene where you had to find the exit from the cave (the one where you had to shoot down the cow) with the cow and the bull. I tried typing the command and it didn't work at all. This was the way to get into the scene... However, this command won't work if the cow isn't facing you, to compensate for that, at the points I found where the cow wasn't facing me, I added a hack by simply changing the angle of the camera to the one you would be at if the cow were facing you. The hack works for me so far, but I haven't tried it in all the different points in the game yet, so this is just a basic hack I've added to get me in to the cave if I've gotten stuck in the cave before. The hack I've added is a hack with degrees, It starts out as 0, 30, 60, 90 or 180 to get me facing what i would be facing if the cow were facing me... This was how I got in to the cave where I found the exit with the cow and the bull. Here is a shot of the cow facing the way the camera should be facing,

to get the right angle you can place the mouse 3da54e8ca3
