has been created.. the version of

---

windows loader v.1.9.2 by daz download. The staff are really helpful. The kind of people you wouldn't mind having a pint with and a chat. The rooms are cool. They don't feel too cramped, although they are a bit tight. They are spacious and bright and have a big TV which we all used a lot. The pool is also really large (bigger than David's). We were worried that going for an early swim could be a bit dangerous, but we've found the temperature at the bottom is about 18-20C which isn't too scary. The food is good too. I wouldn't bother booking food, but they do takeaway dishes so it's not too bad to eat in. The showers are fantastic. 10 minute showers was a really nice touch. The location is also really good. It's near the town centre and there are lots of eateries and stores nearby.

We also managed to get a bus to town every half hour. I loved the accommodation. It was a nice place to stay. Not at all like a traditional hotel. The staff were very friendly. They were patient and had a few jokes to keep you amused. They also gave us lots of recommendations. The rooms were really comfortable and we had a brilliant stay. We really didn't want to leave. I can't fault the location of this hotel. It's within easy walking distance of the town centre. It's right at the top of a hill so the views were brilliant. The rooms were a little tiny but they were still spacious. They were clean and had all the usual amenities. The showers were nice and big. We even got ten minutes of hot showers! I would stay here again. The only downside is that we had a two night stay and it costs £54.75 per night to stay there. However, it was worth it as the rooms are really nice and the staff were fab. I would definitely recommend it. Location How easy was it to book the property? How helpful were the directions to the property? How easy was key pickup/access to the property? Overall condition of the property STAY IN TOUCH If you want to stay up to date with the latest Dorset news, reviews, and anything else in life, make sure you tell us
